Plan

Explanation

Aloe vera is a plant known for its medicinal and cosmetic properties...

Analysis

To address this question, it's essential to understand the properties and uses of aloe vera...

Plan for Answering

Define Key Concepts:

- Define Aloe Vera: Clarify the properties and uses of aloe vera, including its medicinal and cosmetic applications......

Code

Facts

plant(aloe_vera, medicinal, cosmetic).
product(petroleum_derived, industrial).
ingredient(emulsifier, oil, water).

Relations

% is aloe vera is combined with petroleum-derived products combined(aloe_vera, petroleum_derived):-plant(aloe_vera, _, _), product(petroleum_derived, _), ingredient(emulsifier, _, _).

Search Strategy

query :- combined(aloe_vera, petroleum_derived).

Simulation of Code Execution, i.e. Search

Multi-hop Logic Based Traversal

[Path 1]:

- 1: Call: query
- 2: Call: combined(aloe_vera, petroleum_derived)
- 3: Call: plant(aloe_vera, Candidate Variable_0, Candidate Variable 1)
- 4: Searching: plant(aloe_vera, medicinal, cosmetic)

Backtracking

Redo: product(petroleum_derived, Candidate Variable_2) [Path 2]:

Search Results

11: Searching: product(petroleum_derived, _) ...

Searching: query | {'Result': 'yes'}

[Search -> Answer]

[Path 1] -> {'Result': 'yes'}

Measurable Faithfulness

Explainable Exploration

Search with Backtracking
